شرکت پارسیان گیتی ایرانیان با هدف تولید و ارائه جدیدترین و با کیفیت ترین محصولات در زمینه تجهیزات پزشکی، آزمایشگاهی در سال ۱۳۸۸ تأسیس گردید.

امروزه با تکیه به سابقه و تجربه پانزده ساله شرکت در زمینه واردات و تولید و داشتن گروهی متخصص در کنار تجهیزات بسیار پیشرفته در بخش آزمایشگاهی توانسته ایم تبدیل به بزرگترین تولیدکننده در حوزه انواع کیت های تشخیص سریع شویم. همچنین در نوآوری، تولید و واردات ملزومات پزشکی، آزمایشگاهی و تجهیزات پزشکی، هم راستا با کمپانی های بزرگ دنیا و استانداردهای جهانی باشیم.

برای معرفی برخی از محصولات شرکت می توان از انواع کیت های تشخیص سریع (کیت بارداری، کیت تشخیص زمان تخمک گذاری، کیت تشخیص سوء مصرف دارو و مواد مخدر، کیت های عفونی و مارکرهاي قلب، کیت های حیوانی و دامی) و کیت تشخیص سریع ویروس کووید و تولید ماسک های سه لایه پزشکی نام برد.

Parsian Giti Iranian Company was established in 2009 with the aim of producing and presenting the latest and highest quality products in the field of medical equipment.

Today, relying on the company's fifteen-year history and experience in the field of import and production and having a group of experts along with highly advanced equipment in the laboratory department, we have been able to become the largest manufacturer in the field of rapid diagnosis kits. Also, in innovation, production and import of medical, laboratory and medical equipment, we should be in line with the world's big companies and international standards.

To introduce some of the company's products, you can use a variety of rapid diagnosis kits To introduce some of the company's products, you can use a variety of rapid diagnosis kits (HCG pregnancy Test kit, LH ovulation detection kit, Drug of abuse detection kit, Infectious kits and heart markers, animal and livestock kits) And the rapid detection kit of the Covid virus and the production of three-layer medical masks were named.
